

## About Us

CHAITANYA symbolizes the creative individuality of the supreme self in the individual. It aims to develop in a child a state of existence signifying the growing awareness for attunement of the individual mind harmoniously with the cosmic mind, with all potentialities of attuning himself to greater realizations of the cause and effect and other deeper secrets of laws of existence. During the early years in a child the free creative parts of the mind are best matured through those activities which we lump together under the heading of play. Play is an existence in complete freedom when an individual is immersed in deep meditative thought at his own initiative- a state of being when a mind is open to accepting all that flows into him without inhibition and thought , that optimum learning is possible.

### OUR OBJECTIVES ARE:

- To develop a good physique , adequate muscular coordination and basic motor skills in the child
- To develop good health habits and to build up basic skills essential for personal adjustment
